Jose Ferrer
Agranco Corporation
824 Coral Way
Coral Gables, FL 33134

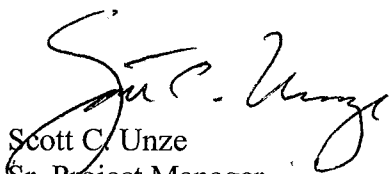

Dear Mr. Ferrer,

This letter is to confirm that the dioxin/furan toxic equivalence quotient (TEQ) reported to Agranco Corporation in the Pace Analytical Services Report #10136081 (Agranco sample Agrabond/Agrabond ZEA) was below the limit of 0.50 nanograms per kilogram (ppt) as specified on the certificate of origin provided.

All analyses provided in the referenced report are in full compliance with NELAC standards and requirements.

Please advise if I can be of any further assistance.

Sincerely

Scott C. Unze
Sr. Project Manager
Pace Analytical Services, Inc.
